Phantom DAC cable
Quick Start Guide

Hi-Fi listening simplified...

The PHANTOM DAC cable is an entirely new innovative design featuring an audiophile-grade digital-to-analog converter (DAC) that is invisibly integrated into a pair of high-end audio cables. Purposely designed to transform your entire audio system into an elegant, clean, and user-friendly experience.

The unbelievably compact form reduces components clutter and fits right into any desktop audio system or amplified speakers. Simply choose the version for your system (RCA unbalanced or XLR balanced). The PHANTOM DAC cable packs outrageous performance and extensive connectivity to any phone, tablet, or computer. The advanced USB controller is optimized for plug-and-play and bus-powered. Your PHANTOM DAC is always ready for use - no audio drivers to install, no buttons to press, no system settings, and no apps to download. Simply sit back and enjoy the incredible sound. It's truly that easy!
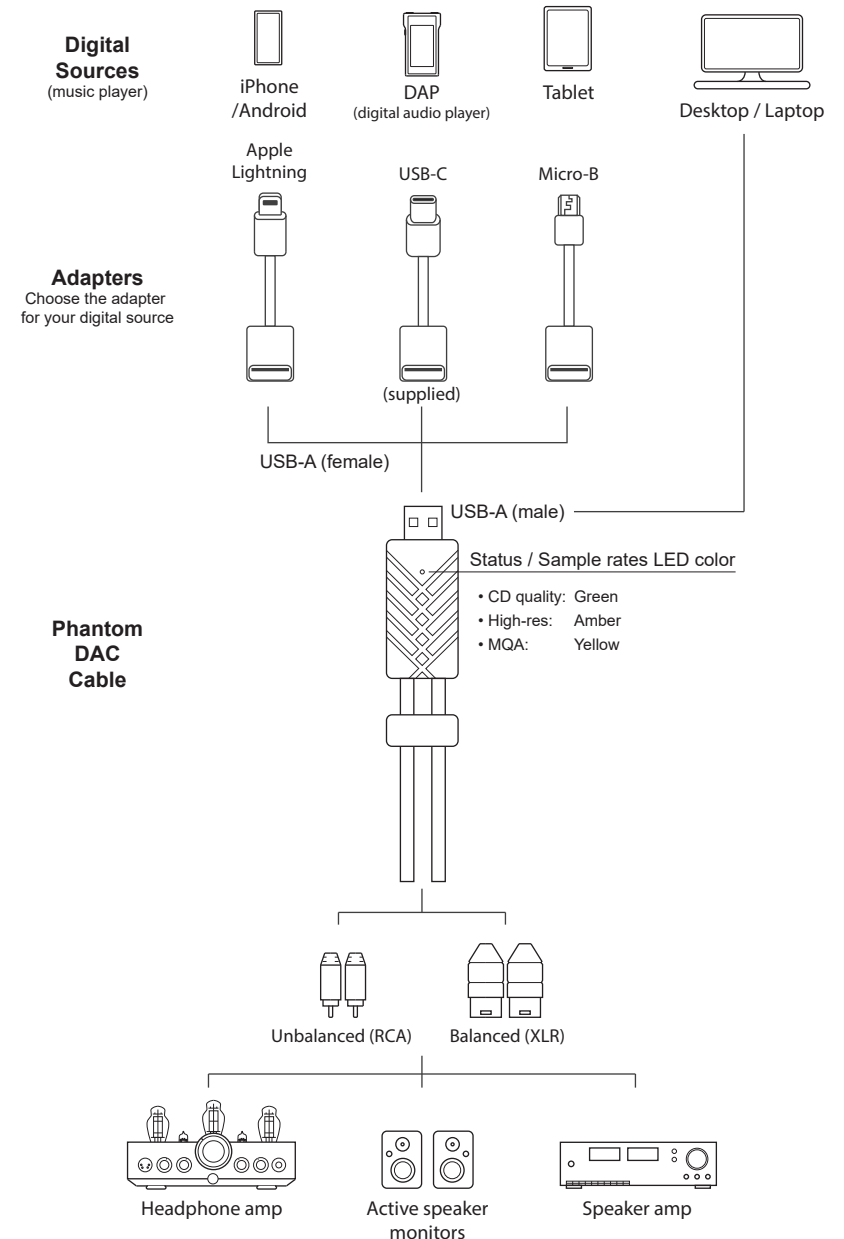

Included in the box

* PHANTOM DAC cable
* USB-C to USB-A adapter
* Hard case

Features / Specifications

• MOSFET output stage
• 16 Ω Ultra-low output impedance
• ESS SABRE audiophile-grade DAC supports lossless audio up to 24-bit/384 kHz PCM and DSD128/5.6 MHz
• MQA Renderer
• Frequency response: 20Hz - 20kHz Maximum volts out: 1.7V unbalanced or 3.4V balanced
• Distortion 0.007%
• Signal to noise ratio 101 dB
• Premium Woo Audio ELEVATION audio cable
• Custom low-resistant plug sleeve
• Cable management retainer

Three (3) year limited warranty. Have question? info@wooaudio.com Tel: 917-773-8645 (M-F)
